STAFF MEMBERSHIP

The Board is willing to have a conversation with individual staff members about joining the congregation as a member. The current policy of the Board is that staff members cannot be members, nor can members apply to be staff members.

Should an exception be granted, the following standards must be held:

1. Your role as staff member precedes your role as member. You are a member of the staff first, of the congregation second.
2. You must continue to maintain the highest levels of confidentiality in all things.
3. You may not vote at the annual meetings or at other meetings as directed by the Board. The Board reserves the right to define what constitutes a “conflict of interest” for both parties.
4. You understand that this type of membership is new and evolving. Expectations around your membership may change over time.
5. Should you be dismissed from your position, we will have a conversation about your continued membership in the congregation at that time.
