Skim this **sample policy** (<https://www.insuranceboard.org/wp-content/uploads/2020/06/Safe-Conduct-Policy-Template.pdf>) and make notes about which sections are already in your congregation's current policy. What items should be added to your church's policy? If your congregation does not have a safety policy, select the items that you would promote working on first and make plans with your church leadership for how to begin the process.
